

As Though You Didn't Know...

By Clinton Caldwell

For three months now some of you may have been listening to the ranting and raving of the little man who calls himself "we" through the medium of this column.

If you think that's bad—think of me. I've been listening for six years! And not just as a constant reader but as his wife.

But he's a glutton for punishment and when I suggested mentioning a few words in public about him, he said okay. So here goes—

First off he's awfully stubborn—when he gets a thing in his head, try and change it. All other women with husbands like that, raise you hand. Mmmmm—

He's not really stingy, but he has some strange notions about thrift. For example, he doesn't think the ten or fifteen cents extra it costs to sit in the loges at a movie is worth it—yet he'll spend \$3.50 for seats at a ball game. And then turn around and do the same thing again the next night.

He doesn't like to dress up—says he feels uncomfortable. But if I wear the same dress on two successive occasions he wants to know if I'm "putting on an act to show people how poverty-stricken the Caldells are."

His ideas of romance are disappearing with his hair. When I remind him how romantic he used to act before we were married, he monotonously regular comment is: "Then why did you marry me and spoil it all?"

I guess it's all right to mention that he's a bed hog and many is the time I've had to practically beat my way back into bed at 4 a.m.

His restlessness is my main objection—that and his ridiculous belief that there is no place on earth quite so wonderful as southern California.

Oh, yes, and about the only dates he can remember is Christmas and the 4th of July.

Aside from all these—well, it'll be seven years next March.

OUCH!

We've been putting off until this late moment to say with more reluctance than you might imagine that this is the last ATYDK that we'll be banging out for the time at least.

No attempts on our part have been successful in finding living accommodations, suitable for our mixed up family, so we are doing the only other thing we know to do—return home.

In going we keep hoping that the unfortunate circumstances preventing us from being able to find a house will right itself and we'll get together again.

Nothing would please us more. So far now: So long.

DUMPING GARBAGE BRINGS \$15 FINE

Pleading guilty to the charge of dumping garbage on Lloyd Road brought a \$15 fine to Robert P. Avila, 22, of Irvington in Judge J. A. Silva's Niles Justice Court Friday.

Avila was ordered to clean up the refuse.

Auto-Bike Accident Injures Local Boy

Donald Phillips, nine-year-old son of a Washington Union High School instructor residing on Roberts Avenue in Irvington, is the latest township boy to be severely injured in a highway accident involving a bicycle and an automobile. Two weeks ago, Everett Green and Larry Gould both narrowly escaped death in a similar accident near Niles.

Riding his bicycle along the highway near the Irvington Grammar

SOUTHERN COUNTY HOSPITAL SUBJECT OF LOCAL MEET

A proposal that Washington Township should join efforts with the Hayward-San Leandro area, as well as the rest of Southern Alameda County, to form a hospital system for the southern county area was suggested Wednesday evening by a committee of interested persons from the Hayward area who met with a handful of local residents at the high school.

Although the Hayward committee had no specific plan for the large enterprise, which would call for a 189-bed hospital, discussion centered mostly on a plan for forming a hospital association, with organizations as members, to finance the project privately.

Chairman L. R. Batman of the Washington Township Planning Committee, speaking unofficially, advised the Hayward visitors that a number of meetings on the matter of obtaining a hospital had been held by the planning committee and township doctors, and that at the last meeting, attended by Senator Arthur Breed and Assemblyman Francis Dunn, assurance had been given that the present state law allowing hospital districts in some areas would be amended so that a hospital district could be formed in the township.

Discussion then pursued the possibility that, if the state law were thus amended, it might be wise for the township to become part of a district embracing the entire southern end of the county, instead of having its own district which might roughly parallel the present Washington Union High School district.

The only local physician attending the meeting, Dr. E. M. Grimmer of Irvington, stated that he believed the township would benefit most by having its own hospital district and its own tax-supported hospital, of about a 30-bed size.

Chairman John Olson of the Hayward group stated that as yet no specific proposal, either for an association or a district, was being made by his committee and that a great deal of research would be required before any answer to the need for a hospital in the southern end of the county could be found.

The group will meet again on October 22. In the meantime, a number of township organizations will be contacted by the Hayward committee to interest them in the project.

NILES FLORIST MAY HAVE DEATH CLEW

A conversation two weeks ago between Barney Lopez, owner of the Niles Floral Shop, and his uncle Ramon B. Lopez, 52-year-old San Leandro nurseryman believed to be the mutilated murder victim found behind a San Francisco theater Sunday night, may furnish police investigating the case with a clew as to who the murderer may be.

That's the statement made this week by the Niles florist.

Nature of the clew contained in the conversation was not made known, but it was hinted that the name of a possible enemy of the murdered man was revealed.

COUNTRY CLUB SET TO RESUME ON OCTOBER 1

Members of the Country Club of Washington Township may now make reservations with Mrs. A. B. Hill Jr., of Alvarado, for the fall luncheon meeting to be held October 1.

The club is exceedingly fortunate in having secured as a speaker for the occasion Mrs. David Fraser of San Diego, state federation chairman of ethics. She is considered one of the finest women speakers in the state, and has chosen "Ethics" as the topic of her address before members of the Country Club.

Mrs. F. V. Jones is program chairman for the day, with Mrs. George Bonde as music chairman.

School Tuesday morning at 10 o'clock, the Phillips boy was knocked to the ground by a sedan driven by Mary Francis of 7827 Garfield avenue, Oakland. He received a severe scalp laceration and a second injury which may threaten the use of his right arm.

He was taken to the Hayward Hospital in the Dallas Paul ambulance.

Although the accident occurred on the opening day of school at a time when hundreds of children were coming out of school, no actual witnesses could be found. Highway patrol officers investigating the accident had reason to believe that no criminal negligence was involved.

"The boy suddenly swerved his bicycle in front of my car," the driver said.

She was not held.

ROBERT N. SCOTT ONLY MEMBER OF EXCLUSIVE ORDER

Robert N. Scott, son of Mr. and Mrs. S. G. Scott of Newark, claims the distinction of being Washington Township's only member of the Grand Council, Exclusive Order of Guinea Pigs—Sty No. 2—Eniwetok, Marshall Islands.

The award was presented to him by the Grand Guinea Swine at Eniwetok on the 15th day of July, 1946, for having "through an exaggerated sense of patriotism subjected his body to the rigors attendant to atom bombs, hundred-foot tidal waves, mermaids, vampires, sandfleas, typhoons, mal-de-mare, cannibals, canned beer etc. . . and is by this writing accorded full status as a Brother Pig and all brothers are hereby commanded to give him due recognition as same under penalty of being driven from the common trough."

Robert, who is spending a few days at home, prior to leaving for Camp Beale and Army discharge, has been in the service for two years.

He was a member of Task Group 1.53 AIRTRU—the Air Instrumentation and Test Requirement Unit—and spent the past four months on Eniwetok, the least known of the Pacific Islands which played a part in Operations Crossroads. Eniwetok, some 180 miles from Bikini Lagoon where the atomic bomb tests were carried out, was the base for the B-17 mother planes and their radio-controlled drones and from where they took off to fly at various altitudes through the bomb cloud.

According to the history of the AAF Drone Unit, the OITRU was activated at Clovis, New Mexico Army Air Field on February 1, 1946, under the command of Colonel T. Alness.

Its primary mission was the organization of men and equipment and the moving to the Pacific a force to participate in Operations Crossroads.

"This force was to fly radio-controlled B-17 aircraft through the clouds formed after the atomic bomb detonations, to collect data of scientific and military value.

"The AIRTRU, for the first time in history, accomplished the successful flight of a four-engine aircraft without a crew handling the controls. The complete cycle of remote control aircraft operation, take-off, controlled flight and landing was accomplished at Clovis on February 2, 1946.

"Able Day, July 1, 1946, was the first atom bomb test date at Bikini. Four drone planes, guided by mother aircraft, flew through the peach colored atom cloud at various altitudes with no one aboard. All aircraft functioned perfectly and all returned safely to Eniwetok."

NEWARK MAN SUCCEUMBS AFTER SHORT ILLNESS

Edward L. Bach, 62, employed at the Leslie Salt Company for 18 years, died recently after a short illness at the Fairmont Hospital. He made his home on Jarva road, in Newark.

He is survived by his wife, Lydia Mae, and a stepdaughter, Mrs. Lillian Martin of San Francisco.

The deceased, born in Germany, was cremated, following services at the Chapel of the Chimes.

COLLISION WITH TRUCK TAKES LIFE OF JOHN GRONLEY

John Gronley, 31, a resident of Sunol and the father of five children, was instantly killed Sunday night in Niles Canyon when the car he was driving was struck head-on by a truck driven by Michael F. Montellano, 30, of 503 11th street, Decoto.

Gronley, a worker in a local cannery, was returning home from work when the accident occurred. Apparently he had dozed off and his car wandered into the path of the truck.

He is survived by a widow, Mrs. Mildred Gronley, and five children. His mother, Mrs. Petra Gronley, resides in Centerville. He is also survived by a brother, Laurence Gronley of Hayward; four sisters, Mrs. Pauline Alameda of Irvington, Mrs. Judith Baer of Burbank, Mrs. Olga Kren of Centerville and Mrs. Karen Kithcart of Pacific Grove.

Funeral services were held in Pleasanton on Wednesday.

WORK UNDERWAY ON 40 NEW HOMES IN IRVINGTON

Latest addition to the already imposing list of building tracts to be found in the Washington Township is the one located in Irvington on Bryce Road between PG&E Road and Mowry.

Planner and builder of this new group of houses is Miss R. Mason, a graduate civil engineer of Columbia University. During the war Miss Mason was awarded government contracts totaling \$8,000,000 to build war housing in Richmond. Forty homes of five rooms and bath, situated on lots 60x100 feet, priced to sell to GIs for \$7,500, are planned by the builder. Work on 20 of these units is getting underway at once.

What may be said to be a new wrinkle in solving the problem of how to get and keep workers is being launched by Miss Mason in that she is first of all erecting temporary living quarters for her entire crew.

NATIVE SONS WIN SOFTBALL TITLE

The Washington Township softball season is history now and the chief historians are the Native Sons who on Wednesday night under the stars at Washington Union High school took the third straight series game away from Klein's, 7 to 2.

Leland Telles, hurler for the Sons, who performed like a top all season, was the winning pitcher. Vernon Vargas worked for Klein's.

As far back as mid-season the Sons looked good, even when the Mission Firemen were top dogs in the league. But in the final analysis, Klein's turned out to be the logical team with which the Sons were to do battle, and the fact that the Sons copped the title is creditable.

Another outfit that should be given mention is the Wedgewood team. They dropped a close play-off series to the Sons.

All in all the season has been a successful one. The Washington Township should be proud that it was able to produce so many really fine softball teams.

ATTENDANCE RECORD IS SET AT SCHOOLS WASHINGTON HIGH HITS 600 FIRST TIME

Indicative of the tremendous increase in population in this area is the registration figures released from various schools throughout the township following the opening of most of the schools last Tuesday.

Every school shows an appreciable gain over last year's registration. Washington Union High School, for instance, has a student body enrollment of over 600 when last contacted, and will probably not reach its peak for two or three weeks. On opening day there were 589 students registered as against 515 on opening day last year. For the first time in history, the enrollment has now gone over the 600 mark.

Eight new teachers have been employed at the high school, however, to take care of the increased enrollment, which was anticipated by the school authorities. The new teachers include: Jed Oxborrow, agriculture teacher who comes from Pleasanton; Steb Loze, science teacher, from San Leandro; Mrs. Florence Smith, former teacher at Siskiyou County High, who will teach English and Latin; Mrs. Mar-

PLANS MADE FOR BIG TOWNSHIP MEET SEPT. 24

By LOIS JUSTUS

A public meeting was held at the Mission Grammar School on Tuesday evening with a very small attendance, to discuss further plans for the coming sesquicentennial celebration which is to take place in the Mission some time in June of 1947.

The meeting was called together by temporary chairman Lois Justus who then called upon Andy Hynes, chairman of the firemen's committee to say a few words on the part he has been called upon to play.

M. W. Armstrong of the county supervisors' office was present and gave some interesting data on what that office and other organizations outside of the township were doing to help.

No other definite plans were made except the appointment of a dance committee consisting of Grace Meyers, Frank Vargas, John Souza and Kathleen Amaral to go ahead with posters and tickets for our first financial venture, which will be a dance given at the Linda Vista Ballroom on November 2, to which all the township people are invited.

A letter has been sent to all organizations in the township and to other interested organizations in Alameda county to join with the Mission folks to organize a board of directors and all the committees necessary to the putting over of a celebration as big as this one seems to be developing into. Every one interested is invited to attend and lend your support to this undertaking.

So, on September 24 at the Mission Grammar School at 7:30, YOU and YOUR NEIGHBOR have a date with the Mission folks to help to make OUR TOWNSHIP CELEBRATION a big success. Come and hear the plans and do your part.

ATTEMPT TO ROB IRVINGTON BANK

Except for a hard-to-crack wall of steel and concrete between them and the interior of the vault in the Central Bank of Irvington, one or more discouraged robbers might have been a few thousand dollars to the good this week.

Sometime Sunday night they entered the bank by removing a panel from the rear door, and for a time worked unsuccessfully with an acetylene torch trying to gain entrance to the vault.

But the best they could do was to burn a hole not even large enough to stick their hand through. Then they gave up.

Mr. and Mrs. James Fisher noticed the missing panel as they passed the bank sometime later and telephoned Carl Christiansen, bank manager, who in turn called the sheriff's office.

Deputy Richard E. Condon, who investigated the case, reported that nothing else in the bank had been touched.

This is the third and least successful attempt that has been made to rob the bank in the past 12 years.

Defendants Freed As Decoto Murder Goes Unsolved

That Isaura Morales, 45, met with violent and untimely death in Decoto on the night of August 18 was the apparent belief of every one present in Judge Allen Norris' Centerville courtroom last Friday, but that anyone would be held to answer for the alleged crime soon appeared doubtful even to Deputy District Attorney Frank Crews.

Following testimony offered by Doctor Gertrude Moore of the Alameda county coroner's office in which it was made known that Morales had died as the result of injuries received about the head and body, at least one witness took the stand to testify that he had seen Morales being given a severe beating by "about a dozen men."

Some twenty-two men were arrested that night of which three, Jesus Valdez, 25, Pedro Castillo, 28, and his brother, Bernardo, 31, were held. Deputies Richard Condon, Joseph Sheehan and Laurence Waldt, all testified that brass knuckles were found near the scene, as were numerous broken beer bottles. Most of these "weapons" were finally admitted as evidence into court, but try as he did the deputy district attorney was unable to prove that any of the three defendants had actually used them on Morales.

For all anyone knew, as smiling, confident defense lawyer Stanley Sterne, and Assistant Public Defender H. Kenneth Forsman, pointed out, the so-called weapons could have been lying in the streets of Decoto for weeks preceding Morales' death, and their connection with the alleged murder could only be assumed and not proven.

In a further attempt to introduce evidence into court which might prove his contentions that Castillo brothers and Valdez were in on the beating of Morales, Crews called to the stand Fred Harndon, fingerprint expert with the sheriff's office, but since Harndon's testimony was to have been based on his allegedly finding fingerprints of one of the defendants on a beer bottle, his testimony was ruled invalid. Transcriptions made at the Hayward jail following the arrests, which the prosecution hoped to have read by Mrs. Alice Growner, transcript reporter, also were ruled out.

After three hours all defendants were ordered not held on the murder count. Jesus Valdez, charged on a second count with possession of brass knuckles, was held on \$1,500 bail to answer to the superior court.

While the public may be rather confused as to why any secrecy was exercised by the two surviving members of the Niles school board and Superintendent Seidel, the choice of McDonald has the consensus of being a wise one.

He has been a resident of Niles for 22 years, is a commissioner of the Niles Fire District, and a member of the Niles Rotary Club. His two daughters both graduated from the Niles school.

NILES VFW NAMED; GRANTED CHARTER

VALLEJO MILL POST No. 8293.

That's the official name and the VFW of Niles has been granted a charter.

Tenth District Junior Vice-Commander Endsley called the meeting Tuesday evening at 8:30 in the Veterans' Memorial hall, Niles, and after the charter was read, an election of officers was held.

George Bolis, Niles, was elected to the office of commander, with remaining offices filled as follows:

Second vice-commander, Theodore Liar; junior vice-commander, Leroy Murphy; chaplain, William A. Marlen; quartermaster, Patrick Pine; judge advocate, Tom Estudillo; trustees, Weldon E. Pine for one year, R. A. Andrade for two years, and B. P. Bragg for three years.

Installation of officers will be on the evening of October 6, at Veterans' Memorial Hall, Niles, preceded by a street parade. The public is most cordially invited.

The first and third Tuesdays of each month have been designated as the evenings on which the Vallejo Mills Post will meet.

JUNIOR CHAMBER SET FOR BIG BARBECUE

A big barbecue, to be held at Wieland's Brewery in San Jose, is what the board of directors of the Niles Junior Chamber of Commerce cooked up for the members when they met last Tuesday night to discuss plans. The date for the event has been set for September 23.

Members, who may invite guests, may make reservations with Secretary Vernon Ellsworth.

NEWS from Walt & Ed

Look, folks, if you're the kind of host or hostess you ought to be, your guests are sooner or later going to wander into the kitchen. If you're ashamed of that woodwork or those cupboard doors on account of them lookin' dingy and dull, why don't you give 'em a coat of paint!

We are sole agents in Niles for Fuller Paints, and have a complete line. Come see us some time and let us help you pick out the right color.

Too Many Remedies

It has been said that the American economy is suffering more today from remedies than from diseases.

"Dr." OPA and the other Government "medicine men" have been experimenting on the patient for several years. And they're worried—it looks like the patient is going to recover in spite of all they can do.

The trouble is that every time the country shows definite signs of returning to normal the doctor and his assistants want to prescribe bigger and stronger doses of the poisons they have been administering all along.

The "cure" itself is bad enough but the fees for professional services are terrific. America has been a very patient patient but it's getting tired of paying the bill for a cure it doesn't need.

Now all this is just another way of saying that it's high time for us to stop squandering billions annually for remedies to correct our economic ills. What we need instead, is to get rid of the remedies. The OPA and many other government agencies born of the war are doing more now to retard than to help America regain normalcy.

But the Washington bureaucrats are not giving up without a struggle. They're having a grand time trying out their theories, issuing directives, looking important and cluttering up the works in general. Best of all (for them) they get paid for it.

They're determined to "save" America even if they have to wreck the country to do it. And they will wreck it yet unless we stop them. And we had better do it soon.

Vision for Japan

Attesting the wisdom of the Biblical proverb, "Where there is no vision, the people perish," is General MacArthur's report that democracy is saving the spiritual life of the Japanese people. "Defeat for them was not merely an overthrowing of their military might—not merely a great defeat for their nation—it was the collapse of a faith—it was the disintegration of everything that they had believed in and lived by and fought for. It left a complete vacuum morally, mentally and physically. And into this vacuum flowered the democratic way of life."

Japan has a new vision of peace and hope. May it endure!

Romania: Russia's Fear

One reason for the intense Soviet political activity in the Balkans is that Russia fears Romania and is determined to have a government at Bucharest that is always "friendly" to the Kremlin.

Giant Russia is not afraid that little Romania will start a war single-handedly against the Soviet Union. But Stalin is aware that Romania as an ally of a large western power would be a formidable enemy. Such was the case in World War II.

Romania, not Italy, was Hitler's No. 1 ally. The little Balkan country is one of the richest on the globe in natural resources. From its oil fields Hitler obtained enormous quantities of precious fuel and lubricants. From its plains he obtained wheat and corn. From its population he got important manpower for his drive into Russia.

Within about nine months after Romania got out of the war German resistance collapsed. And that collapse was traceable in a large degree to the lack of oil and gasoline.

If war should come again Russia wants Romania as an ally not as an enemy—and the reason is obvious.

Don't Let Them Down

Since the end of the war some of the boys in the armed forces report that the general public is not so ready and willing to give them a lift when they're hitchhiking as it was when the fighting was going on. Apparently the public has "reconverted." The boys however, still deserve a lift instead of a "let down."

The same idea applies to housing for servicemen stationed out here, and for returning veterans. They and their families need a lift. They need decent living quarters. Many of them have come to the conclusion that there's no such thing.

An extra room not in use would be a welcome haven for a single person or a couple.

Helping to house the servicemen and veterans may not be classified as a patriotic duty now that the shooting has stopped but it's still the fair and decent thing to do. They still deserve our help.

Registration Deadline

American citizenship carries with it many benefits such as freedom of speech, freedom of religion, freedom of opportunity, and so on. But it also entails important responsibilities which every citizen must fulfill if we are to preserve and protect our democratic institutions and the principles and ideals for which they stand.

It hardly need be said that the responsibility to register and to vote is one of the most vital of all. If we are to have a democracy in fact as well as in name there must be government through majority rule. Yet, few are the instances in which the election of a candidate or the decision of an issue is decided by the ballots of a majority of all citizens eligible to vote.

Most of the time a majority of the minority determines the results of an election. Such conditions enable political machines to dominate—to the detriment of good government.

There is only one cure for the situation. All citizens must register and vote. The registration deadline in California is September 26. Be sure you register by that date.

NILES SCHOOL CAFETERIA SERVES 232 ON FIRST DAY

Mrs. Catherine Parry, manager of the Niles school cafeteria, had a big day last Wednesday when the cafeteria threw open its doors for the first time this fall to 232 hungry children.

Mrs. Parry, capable though she is, was hard-pressed for a while, wondering if the food would hold

out. But, as usual, she managed very well, and the youngsters had a substantial meal of hamburger patties, vegetables, bread, milk, and ice cream. All for 15 cents.

"It was apparent," said Mrs. Parry, "that more children than ever are going to eat in the cafeteria this year."

There is one addition to the cafeteria this year, a store room, which

helps to solve the problems of "where to put things." Assisting Mrs. Parry, who is starting her tenth year in the cafeteria, is Mrs. Farrel.

The city of Oakland was incorporated May 4, 1852.

SEPTEMBER MORNT

SOME VETERANS' QUESTIONS ASKED

Recent legislative changes in law again re-emphasize the advantages of National Service Life Insurance as protection for the veterans' family.

As the law now stands, any person who had active service between October 8, 1940, and September 2, 1945, may take out a term insurance policy, convertible after one year to one of the many permanent plans now available.

All the applicant has to do is to pay the necessary premiums and show evidence of good health. Free physical examinations will be given by the Veterans' Administration out-patient service.

The law further specifies that the health requirement may be waived in the case of disability resulting from or aggravated by service, providing the disability is less than total.

Question: May I name my niece as the beneficiary of my GI insurance?

Answer: Yes. Under the new insurance law, you may name any person, corporation, bank or other legal entity (including your es-

tate), as beneficiary of NSLI.

Question: Can a veteran pay his NSLI premiums by deductions from compensation or retirement pay being paid to him through the VA?

Answer: Yes. The policy holder may authorize the monthly deduction from such sources, provided the income is sufficient to cover the entire premium.

Question: Are members of the merchant marine eligible for benefits under the Servicemen's Readjustment Act?

Answer: No.

Question: Why is it necessary to have property appraised in order to obtain a GI loan?

Answer: The law requires that the purchase price paid or to be paid for property, or the cost of construction, alterations and improvements, must not be more than the reasonable value thereof as determined by proper appraisal made by a VA-designated appraiser. This provision and the appraisal it entails are requirements made by Congress for the protection of the veteran.

The first Reclamation Act was signed on June 17, 1902, by President Theodore Roosevelt.

OUR READERS WRITE . . .

The Editor, Sir:

To all citizens and tax payers of the town of Decoto. Let us look back to the 17th of August, 1946, at about 12:30 a.m. A citizen was viciously attacked and killed. What is the protection that any citizen or taxpayer has? Nothing but a lonely moon, if there is one, and unpaved roads to go through.

Let us refresh our memories and look back about eight months ago when Mr. Bautista, a member of the Chamber of Commerce, put before the Chamber of Commerce a petition for more lights which Decoto taxpayers are entitled to through taxes. Remember — 40 years ago was when our last street light was installed. Getting back to our meeting of the Chamber of Commerce—at that meeting one of our county supervisors was present, also Mr. Glassbrook from the water department. The water department has done some improvements in the community which is greatly appreciated by all. It was stated at the meeting by our county supervisor that "if it's promises you want, I can do that," which he has said time and time again. But nevertheless, 20 lights were to be installed in Decoto months ago. Our Chamber of Commerce is an acting body of Decoto. What are they doing in regards to the safety of our children and citizens? There are no lights, no stop signs, in fact there is no safety whatsoever after sundown. To all business men and the community at large we demand the safety of our children and the safety of all concerned.

We will hold a meeting very soon and will post notice as to when it will be held.

Progreso Club of Decoto was organized by a group of people, electing their president and so on. The Progreso Club of Decoto has brought before the people the incorporation of our city, which meant light, policing and everything that goes with a city governing themselves. But yet our opposition is very strong. They disapprove of the Progreso Club, but deep in their hearts they don't really disapprove of the Progreso Club of Decoto. They fear that \$1.00 per \$100.00 of taxes, but which is more important, the \$1.00 per \$100.00, or the safety of our children and ourselves. Those people who favor incorporation and those against incorporation are wondering if the incorporation has vanished in thin air. Today the incorporation of Decoto stands better than the day it was born. (Signed) A. BAUTISTA, President, Progreso Club of Decoto.

GRASS FIRE IN DECOTO DAMAGES SEVERAL SHEDS

A grass fire in Decoto, getting out of control, set several sheds afire at 711 Colorado avenue last Friday.

The flames were extinguished, however, before much damage had been done, by the Decoto fire department.

Hawaii National Park in the Territory of Hawaii was created in 1916.

Juhls Entertain For Visitors Here

Mr. and Mrs. Herbert Dominici of Edmond, Wash., were the honored guests at a dinner party given Wednesday night by Mr. and Mrs. A. L. Juhl at their Niles home. The Dominici are visiting Mr. Dominici's mother and sister, Miss Zelmira Dominici, and plan to make a ten-day stay.

Dinner guests included Messrs. and Meses. E. D. Bristow, Wayne Russell, Dan Quartaroli, Peter Quartaroli and daughter, Ben Murphy, and the Misses Katherine and Marcella Bliss, and Mr. William Bliss and Miss Dominici.

Suttons to Tour Northern California

Leaving this week for a vacation in northern California were Mr. and Mrs. John Sutton of Centerville. Mr. Sutton is a former principle of the San Leandro high school.

Visit at Auburn

Mr. and Mrs. Walter Walker and Mrs. Taylor of Decoto spent the week-end visiting the Charles Browns at Auburn.

LOCAL SCHOOLS

(Continued from page 1)

There is one new teacher at the school, William A. Shuey, recently of the Army, who will teach the eighth grade and physical education.

In Niles, the enrollment has hit a new high. The figures are now hovering around the 370 mark and will no doubt go higher. In the first grade alone, over 60 pupils are enrolled, making it necessary for Principal E. D. Bristow to cast frantically about for at least two more teachers, in addition to those who are already newly-employed. The new teachers are Miss Elizabeth King from Pennsylvania, who will teach the special fourth and fifth grades; and Mrs. Norma Morgan, who is teaching the sixth grade.

Niles also has a music teacher this year, Mr. Bernard Callery, who will organize a school orchestra.

To Oregon

Mrs. Florence Andrade and her sister, Mrs. Eva Rubio of Niles, accompanied by their children, have returned from a two weeks' visit at John Day, Oregon. Mr. and Mrs. Andrade are returning to Oregon this Sunday, for another visit.

It will mark the first time in several years that Niles has had a school orchestra, and enthusiasm among the youngsters who are musically inclined is running high over the prospect of playing in a group.

In Centerville the enrollment on opening day was slightly higher than that of last year, reaching 255, but when the new bus arrives (and it's a matter of only a few weeks), Principal Maloney expects the enrollment to take a decided jump. The new teachers employed this year are Miss Alberta Meneses, Alvarado girl, who will teach the third grade; Miss Margery Hyner of Trinidad, who will teach the fourth; and Miss Veda Vogt of Cupertino, the new sixth grade teacher. The school expects to receive 26 fine new desks around the first of October. This will add materially to the seating capacity.

The Warm Springs school delayed its opening until Monday because many of the children were still helping with the harvest. The Newark school will also open next Monday, after having undergone extensive repairs and alterations.

Yerba Buena Island in the bay contains 140 acres.

Read Register Want Ads

Dear Reader (or should I say Readers) forgive me, will you, for printing the material below? But in order to keep peace in the family and in order for the Batmans to remain Batmans and not Bat-maniacs, it is absolutely necessary that I print this material.

You see, two weeks ago, I made the mistake of allowing my elder son space in this paper (for which he was duly paid). My younger son now is demanding the same consideration. He also wants to appear in print (thinking also of the remuneration) so what can a poor befuddled mother do but grant him the same favor?

For those who are not in the know, I will say this: there are no more Batman children!

By BILLY BATMAN

(Eight years old)
We went to Carmel last week and we were playing and I climbed up on a garage and there is a tree the way I get down and I was hanging and I fell from the tree. And sprained my ankle.

My little cousin was being pushed in a taylor tot down hill by Donny and he said that he thought he was going about 10 miles an hour and I tried to ride on it and it was sort of like a little ditch there and we bumped into it and I fell out.

And we went to the beach and climbed on rocks. And we walked on a golf course and we went down a little ways and saw a whole bunch of rich people in little private boats. Rich people live there. Rich people are people with a lot of money.

Oh, yes, and a boy and a girl were showing off riding a bicycle and they said things to us. I forget what they said. And we threw a lot of dust at them. My brother had a race in the taylor tot with a boy on a bicycle and my brother put on the boy's brakes and made him stop going. When we were on the beach some kids threw rocks and about hit my mother.

STILL IN THE KIDDIE DEPT.

I met a little girl last week, and uttered the usual inane question, "How old are you?" "I'm six," she replied, then went on shyly, "but when I ride on a bus I'm only five."

Wisps of conversation I heard on the streets this week: "And was I MAD! I spent all Monday getting my clothes and things ready for school Tuesday, and what happens! She goes to school and comes back in an HOUR!"

"It's funny, but one of my mothers-in-law drinks like a fish and the other one doesn't drink at all." (I know. I can't figure it out either.)

"My son simply won't allow me to wash his Levi's. Says the kids at high school don't wash theirs. I just don't know what to do about it."

NILES TO HAVE DANCE CLASSES

Seven types of dancing are to be taught in classes, both private and group, in Niles this fall by the renowned dance team of Valdez and Peggy.

On Tuesday, September 17, interviews will be given at the I.O. O.F. Hall in Niles between the hours of 12 noon and 5 p.m.

Courses to be available include tap, soft shoe, waltz, clog, musical comedy, ballet and ballroom.

WORD OF APOLOGY

A marriage notice published in The Register two weeks ago stated erroneously that Thelma Ripley was the bride. Thelma, who is Mrs. Richard Ripley of Niles, should have been mentioned as the mother of the bride. Doris Belle Ripley was the bride. She married Robert Costonzo of Oxnard. Please forgive us, ladies.

How to plan a lunch that's well balanced

With school days here many mothers again have the problem of what to pack in a lunch. Here are some ideas to remember, whether lunches are for school children or other members of the family—

• Make the lunch that's carried a part of your regular meal schedule. Fit it in with breakfast and dinner so that each meal supplies just about one-third of the day's food.

• Introduce variety by sending jars or covered paper cups filled with hearty salads or extras such as potato salad, cold baked beans, cottage cheese, kidney bean salad, macaroni salad. Other welcome extras are slices of cold roast meat or meat loaf, olives, hard-cooked or deviled eggs.

• Send along either fresh fruits or vegetables as a salad or as a dessert. Crisp celery, carrot sticks, radishes, whole tomatoes, or apples, pears, oranges, and other fresh fruits are welcome additions to the lunch box. Salads such as coleslaw, fruit salad, a wedge of head lettuce with salad dressing in a small covered jar or cup to dip it in, fruit-flavored gelatin salads in which fruit and crisp vegetables are molded—all can go in the lunch box.

• Desserts give energy as well as a satisfying finish to a lunch. Cake, gingerbread, nut bread, doughnuts, soft cookies, brownies, puddings such as cornstarch or custard, and pies, tarts or turnovers are good lunch-box desserts.

• Include a special treat—especially for a child's lunch box—such as a few stuffed dates and prunes, a bag of salted nuts, a candy bar, a few pieces of candy or a sucker.

• Don't forget that a hot soup in the thermos bottle tastes good on a cold day. And if the weather is hot, iced chocolate or tea, or lemon or orangeade is a refreshing addition.

CAROL DRAKE'S LUNCH-BOX MENU

Add a sandwich or two for the lunch-carrier who does heavy work.
Cream of Tomato Soup in Thermos
Bacon and Avocado Sandwich
Salad of Peas, Pickle, and Celery in a jar

KNOT-TYING LAST SUNDAY FOR POSTMASTER ENOS, PEARLEY RICKARD

Out of the bachelor ranks at last!

Ed Enos of Niles, who was considered one of the township's most eligible bachelors, has at last joined the bachelors with his marriage last Sunday, September 8, to Miss Pearley G. Rickard, also of Niles.

The couple, who announced their engagement last spring, said their vows at St. Francis De Sales Cathedral in Oakland at a two o'clock ceremony, with Mrs. Gertrude Enos, the groom's sister-in-law, as matron-of-honor and Mr. Griffith Squire, a college friend of the groom, doing best man honors.

Following the ceremony, which was solemnized in keeping with family tradition a reception was held at the home of Mr. and Mrs. Henry J. Stutterd, sister and brother-in-law of the groom. The couple then left for a honeymoon to Lake Tahoe and Yosemite, and will return to live in their home on the Niles-Hayward highway.

The new Mrs. Enos, a daughter of Mr. and Mrs. Charles Rickard of Bellingham, Wash., is a graduate of the Edmonton General Hospital School of Nursing at Edmonton, Alberta, Canada. She has been employed in the office of Dr. E. C. Grau in Niles.

Mr. Enos, a member of a prominent Niles family, is a graduate of the University of California and attended the Oakland College of Law. He has been the postmaster at Niles for eight years, and is active in many community affairs, including membership on the Board of Trustees of Washington Union High School and secretary of the Washington Township Planning Committee, in addition to being chairman of the local community chest and a member of the Niles Rotary Club.

Warm Springs Man Takes Bride

Miss Florence Margaret Narciso of Santa Clara and Mr. Frank Perry of Warm Springs were united in marriage at three o'clock Sunday afternoon, September 8, at St. Claire's Church in Santa Clara.

Following the wedding a reception was held at the S.E.S. Hall in Santa Clara.

The bride is the daughter of Mr. and Mrs. Manuel Narciso of Santa Clara. The groom is the son of Mrs. Mary Perry of Warm Springs.

Santa Monica Visitor

Richard Perry of Santa Monica is visiting his mother, Mrs. Mary Perry of Warm Springs.

Good Hunting!

Last Sunday Joe Sarmento of Warm Springs shot a forked-horn buck weighing around 180 pounds in the Livermore hills.

Move to Santa Rosa

Mr. and Mrs. J. D. Lambert have sold their property in Warm Springs and are moving to Santa Rosa where they have purchased a home.

Decoto Group Entertained

By ELSA WALKER
The Decoto Discussion Group was royally entertained at the home of Miss Cecil Janeiro, Wednesday, September 3. A most elaborate and delicious luncheon was served by the hostess, assisted by her sister, Miss Mary Janeiro. The table was lovely with flat arrangements of tuberous begonias from Miss Janeiro's garden.

Following the toothsome finale of ice cream, cookies and coffee, Miss Olive Hyde took charge of the meeting, which was a study of the instruments of the orchestra, their uses and effects. Miss Hyde, with her knowledge and appreciation of the best in music, brought to her listeners a great deal of information, and enthusiasm, lighted by her sweet personality and charm of delivery. The time flew by on wings while the reason for the seating arrangements, the effects and limitations of different groups of instruments, and the technique of the different composers in developing themes by orchestral music were discussed and later exemplified by playing two records, one from Tannhauser and one from La Traviata, illustrating the very different technique of Wagner, and Verdi, the former blending the voice and orchestra in an ensemble, and the latter subduing the orchestra and leaving the voice free.

All in all, it was an outstanding meeting and the group was most appreciative of Miss Hyde, who always contributes something definitely outstanding to the meetings.

Mrs. Anderson and Miss Staats from the Oakland office were present, as was also Mrs. Taylor, who has been at Salinas since May. The next meeting will be at the home of Mrs. Evelyn Joseph and will be a study of foreign fiction with Rickshaw Boy by Shaw to be read.

The newlyweds are temporarily housed with the bridegroom's family in Irvington, pending the finding of an apartment.

Mrs. Bangle Returns From Lengthy Trip

Back home again after a lengthy tour of western United States is Mrs. Ralph Bangle of Newark. Mrs. Bangle, accompanied by her sister and brother-in-law, Mr. and Mrs. Albert Badberg of Nebraska, spent three weeks in the southern part of California in such well-known spots as El Monte, Los Angeles and Hollywood; and then traveled north to tour Oregon, Washington and Canada. The northern trip took them a month. Although she enjoyed the trip immensely, Mrs. Bangle says "it's good to be home."

Two Families Spend Day at Beach

Mr. and Mrs. Tony Brazil and son, Bobby, and Mrs. Charles O'Malia and children, all of Warm Springs, spent Sunday at Martin's Beach and Half Moon Bay visiting relatives and friends.

At Tahoe

Mr. and Mrs. L. A. Mayer and sons of Niles returned recently from a week's vacation spent at Tahoe in a summer home of friends.

Vacationers Return To Irvington

Back this week from what they termed a lovely vacation trip to Russian River were Mrs. Del Fiorentino and children.

MISS JUNE ROSE of Irvington who will become the bride of Mr. Joseph Lewis of Centerville this Sunday, September 15, at St. Joseph's Church.

Local Couple Elope to Reno

Surprising all their friends—and some of their relatives—was the elopement to Reno last week-end of Winifred Pereira, daughter of Mr. and Mrs. Manuel Pereira of Niles, and Perry Allan, son of Mr. and Mrs. Ralph Allan of Irvington.

It was a double wedding, with Pauline Johnson, a co-worker of Winifred's at Montgomery Ward's and Kenneth Whiteley of San Leandro, also saying their "I do's." The ceremony was performed by the Rev. Arthur Rice of the Federated Church of Reno on Saturday, September 7.

The new Mrs. Allan is a graduate of Washington Union High School. Her husband spent four years in the Navy with the Third Fleet and is presently on terminal leave.

The newlyweds are temporarily housed with the bridegroom's family in Irvington, pending the finding of an apartment.

At Square Dance

Mr. and Mrs. Lester Watkins of Decoto attended the square dance at the Hotel Belvoir in Niles Saturday night.

Hill Family Home From Marin County

Mr. and Mrs. A. B. Hill will return home Sunday to Alvarado after five glorious weeks spent at their ranch at Novato. Although The Hills themselves didn't bag a deer, one member of their party (three families were vacationing there) had some luck, so the group had its share of venison.

Miss Judy Hill, who has been home for the summer after completing her Freshman year at Radcliffe, has had as her house guest at the ranch, Miss Beverly Coke of Hawaii. Miss Coke will soon resume her studies at Stanford while Judy will fly to Boston and to Radcliffe on the 22nd of this month.

No Date Set for Reina-Costa Wedding

Recent engagement announcement was made by Miss Vivian Reina, daughter of Mr. and Mrs. John G. Reina of Alviso, to Mr. Edward Costa, whose parents are Mr. and Mrs. J. Costa of Irvington. No definite date has been set for the wedding.

Miss Reina is a secretary at the L&V Trucking Company, Centerville. Her fiancé, who was for three years in the U. S. Navy, serving in the South Pacific, is now employed by the James Graham Manufacturing Company, Newark.

Surprise Shower Held For Miss June Rose

A surprise wedding shower for Miss June Rose, daughter of Bertha Rose of Irvington, was given by her school friends at the Rose home last Friday.

Miss Rose is to become the bride of Joseph A. Lewis at St. Joseph's Church on September 15.

Twenty-five guests were present and many lovely gifts were received by Miss Rose.

Youngs Move To Alameda

Mr. and Mrs. Kenneth Young, who have been occupying the Janssen apartment on Main street in Niles, have moved to Alameda, where Mrs. Young will resume her teaching in the Alameda school. The Youngs have been living in Niles while Mr. Young completed his education at Stanford.

Birthday Party for Three Year Old

Sunday, at the home of Mr. and Mrs. Alvin King on Canyon Heights Drive, a birthday party was given in honor of little Donald King, who was three years old. Many relatives and friends were present to help celebrate the occasion. It marked the first time in three years that his father was home for the birthday, having been in the service.

Three Portland Women Visitors in Niles

Mrs. Annona Donovan, daughter of Mrs. F. G. Thompson of Niles, and her son, Donny, were visitors in town this week from Portland, Oregon.

Accompanying them on their drive down were Mrs. B. Rice and Mrs. J. Bellamy, neighbors of Mrs. Donovan, in Portland, and the sisters-in-law of Mr. Emanuel Silva of Niles.

Visitors Here From Elk Grove

Mr. and Mrs. Joseph Furtado of Elk Grove, California, visited Mr. and Mrs. Joseph Vargas and family of Warm Springs, last weekend.

To Visit Kansas City

Mr. and Mrs. James F. Williams will leave the 22nd for Kansas City where they will spend two months vacationing and visiting Mrs. Williams' father, who is in his eighties.

TWENTY YEARS AGO...

(From the 1926 files of The Township Register.)

Owing to the tremendous increase of pupils at Washington Union High at the opening of the fall term, the trustees had to install a quantity of new furniture.

Mr. and Mrs. W. S. Robie spent Admission Day outing at Alum Rock Park. They were accompanied by Mr. and Mrs. Fred Mueller and Mr. and Mrs. Walter Rogers of Newark.

Malcolm Reid, for nearly 30 years a citizen of Newark and an employee of James Graham Company, died at Hayward Hospital.

FARM NEWS

AGRICULTURAL EXTENSION SERVICE

PHENOTHIAZINE AND HORSES

Much has been said in recent years about phenothiazine in salt for internal parasites of sheep. Dr. Kenneth G. McKay, specialist in veterinary science of the Agricultural Extension Service, says experiments have shown that horses may also benefit in some cases from this treatment.

Horses appear to have better coats and condition when fed a mixture of phenothiazine with two and one-half per cent salt. Blood worms have been controlled in many cases by the mixture in those proportions.

Colts from mares affected with worms usually show signs of parasites when two weeks old. In experiments with phenothiazine and salt, the colts did not show symptoms of worms for 50 days.

While the practice of keeping phenothiazine before the horses has shown favorable results to date, there remains much more to be learned about the treatment.

Frozen food locker plants doing business in the United States as of this past July numbered 8,025, according to reports by State Extension Services, collected by K. F. Warner, United States Department of Agriculture food extension man. This represents an increase of 1,561 plants in one year. Back in 1940 there were only 2,870 such plants noted.

UNDERSTANDING OF FATS AND OIL SUPPLY

Perhaps an understanding of the fats and oils situation will impress the need for continued saving of fats. This review of the situation comes to us from Farm Advisor T. O. Morrison. Last week he broadcast an appeal to rural women from B. H. Crocheron, in which the director of the Agricultural Extension Service emphasized the need for salvaging fats.

Here are a few things learned about fats from the farm advisor: Stocks of fats and oils in factories and warehouses the first of July this year were the smallest since 1926.

The Decontrol Board has placed cottonseed and soybean oils back under price control because of the small supply and big demand. Cottonseed oil makes up the greater part of the vegetable oil we use in cooking. The small cotton crop last year affected the supply.

Exports of fats and oils for famine relief will be stopped after December 31. Lard shipments were cut in July.

Exchanges of textiles to the Philippines and the Netherlands Indies for copra from which we will get coconut oil have been arranged, but the benefits of this trading will not accrue for some time.

Next year's lard production will be down because we produced less pigs this fall for next spring's crop.

We've been drinking our milk, and butter production will be 40 per cent less in 1946 than in pre-war years.

Fat salvage is a wartime job in which Uncle Sam needs plenty of peacetime workers.

FARM REAL ESTATE PRICES SHOW FURTHER INCREASE

Farm real estate prices climbed another four per cent during the period March-July, the Bureau of Agricultural Economics reports from Washington. This further increase means a total rise of 13 per cent since July, 1945, and 77 percent above the average for 1935-39.

NO SUGAR NEEDED IN DRYING FRUITS

Sugar is still the principal problem of the homemaker in putting up fruit at home. Peaches, pears, and many other fruits may be conserved for winter use by drying. This does not require sugar until the fruit is prepared for the table. Many vegetables can also be dried at home.

Successful drying depends upon the removal of enough moisture to prevent spoilage. This must be done at a temperature that does not seriously affect the texture, color and flavor of the vegetable or fruit.

Best results are obtained when fruits and vegetables are dried in a dehydrator rather than in the sun.

Preparation of various vegetables and fruits for drying, home dehydrators, packaging of dried fruits and vegetables for storage are discussed in an illustrated circular of the Agricultural Extension Service, Drying of Vegetables and Fruits in the Home. It is available free at the local office in the post office building in Hayward.

HOW IS YOUR SEWING MACHINE?

School days are now at hand and the sewing machine will be humming as mother gets clothing ready for the little folks.

Maryetta W. Holman, home demonstration agent, says if the sewing machine runs hard, the stitches are imperfect, the material doesn't feed through the machine correctly, or the machine runs noisily, it may need attention.

Gummed oil or dirt in the bearings, dirt and lint collecting in critical parts of the machine, loose bearings, and many causes for trouble with the sewing machine may be detected and corrected at home.

Now, perhaps you feel you don't know your sewing machine well enough to start to work out these troubles by yourself. You CAN oil and clean it. You can make some very important adjustments yourself. All you will need to feel sure of yourself is the circular of the Agricultural Extension Service, Care of Sewing Machines.

The home demonstration agent says this circular gives directions for cleaning the sewing machine, oiling, adjustment of the stitch, and many other things to prevent annoyances. It gives a list of common troubles with the sewing machine and the possible causes.

This circular was prepared by Ethelwyn Dodson, clothing specialist of the Agricultural Extension Service, and your home demonstration agent will supply one free if you call at the local Agricultural Extension Office, post office building, Hayward.

More than 400 volcanos are known, of which 225 are considered active.

Report to people who are waiting for telephone service

We've added telephones almost twice as fast as ever before... but orders keep pouring in

More than 324,000 telephones have been added on the Pacific Coast in the first full year since the war. During the first half of 1946 we added telephones almost twice as fast as ever before.

Still, there is a tremendous job yet to be done. The Pacific Coast is continuing to grow rapidly. New applicants for telephone service have been pouring in at double the rate a year ago.

But we are doing our best to catch up. Millions of dollars worth of new equipment is on the way.

You may be certain that we will bring you your telephone just as soon as we possibly can. Thank you for your patience.

The Pacific Telephone and Telegraph Company

FATALISM NOT IN SAFE DRIVING RULES

"Accidents seldom happen to the motorist who is 'accident conscious'."

That, in substance, was the statement made this week by Captain Louis Eike of the California State Highway Patrol of office in Hayward.

It is the contention of the Captain that the motorist most likely to become involved in an accident is the one so short-sighted as to think that an accident is something that always happens to the other fellow.

"Unavoidable accidents are much less in number than avoidable ones," the Captain declared.

There are any number of rules which must be observed by the motorist if his driving is to be safe, the Captain pointed out, but the simplest of all is just keeping in mind the ever-present possibility that the next accident that happens may happen to you.

SEPTEMBER 23 IS SET FOR OPENING OF NIGHT SCHOOL

Evening School classes will begin at the Washington Evening High School on September 23. The program will be very much like that which was given last year. All adults are invited to make use of the evening school facilities.

Veterans are especially urged to investigate the uses of the adult program in helping them in their educational and recreational plans. If it is to secure a diploma, to prepare for entrance to college, to do a practical job in the shops, or to get a work-out in the gymnasium, come to your evening school and discuss the possibilities you will find for you.

Attention is called to the opportunities the evening school offers. If the course you want is not given we will arrange to provide an extension course through the University of California or we will offer the class here if enough signatures are obtained asking for a certain subject which may not be offered at present.

For information about adult classes, go to the Washington Union High School or call Centerville 106.

It has been announced there is now available a teacher to teach rapid machine calculation. If enough people are interested, a course will be given in the operation of business machines.

Announcement of courses will appear in the next issue of The Register.

FIREMEN'S ASSOCIATION HOLDS OAKLAND MEET

The Alameda County Association of Firemen met last Wednesday at Chief Sandy's headquarters. Chief Sandy is head of the Oakland Fire Department.

\$2,500 BAIL HOLDS KNIFE WIELDER

Charles Custom, 43, a Negro, was ordered held on \$2,500 bail in Judge Allen G. Norris' Centerville court last Friday, charged with assault with a deadly weapon filed against him by Charles H. Winfield, 42, also a Negro.

According to a signed confession submitted to the court by Detective Richard Condon, corroborating testimony given by Winfield, Custom brandished a pocket knife on Winfield during an altercation which followed a drinking bout in Centerville about two weeks ago, and inflicted a two-inch wound in Winfield's chest.

Custom was represented in court by Assistant Public Defender H. Kenneth Forsman.

\$2,000 IN PRIZES FOR MODEL PLANES

Model plane enthusiasts from the entire West Coast will compete for over \$2,000 in prizes on Sunday, September 22, when the San Francisco Junior Chamber of Commerce sponsors its Third Annual Model Plane contest at the Golden Gate Park Polo Field.

Topping the list of prizes are three scholarships totaling \$1,000 that have been donated by the Standard Oil Company of California. A \$500 Standard Oil scholarship will be presented as a grand prize to the contestant, eighteen years or under, who turns in the fastest time in the regular speed events. Two \$250 Standard Oil scholarships will go to entrants eighteen or under who win the most points in regular precision and tow-line glider events.

In addition to the scholarships, over \$1,000 in other prizes will be awarded to first, second and third place winners in all age groups and classes in the speed, precision, novelty, and team-flying events. Prizes include Victory Bonds, trophies, aircraft kits, and free airplane rides.

BIRTHDAY CELEBRATIONS

When birthdays roll around, whether the years be six or sixty, there's cause for celebration. Party or no, there must be a birthday cake, even though the "cake" is favorite strawberry short-cake, or chocolate pie.

So it's to be a very special occasion—whimsical decorations for the little fellows—your pet sponge or sunshine cake frosted a pale green with little animal cracker lambs, white-frosted, "grazing" over the top, and green candles. At twenty, thirty, forty, celebrations may be family dinners, or friends in, and decorations built around hobbies, birthstones, flowers, etc.

WHOSE BIRTHDAY IS IT? GRANDMOTHER—Then make her an Angel Sponge (Daffodil Cake). Cover it with swirls of seven-minute frosting. Use yellow candles in white flower candle holders. Spring flowers. Old friends in to tea.

GRANDPA—Maple Nut Cake for him. No special recipe for this but your favorite plain cake batter with $\frac{1}{2}$ to $\frac{3}{4}$ teaspoon maple flavoring and $\frac{1}{2}$ cup finely chopped walnuts stirred in. Use maple-flavored powdered sugar and cream frosting, walnut half garnish. A family dinner, with dishes he likes.

FATHER—Chocolate Layer Cake with a custard filling and covered with luscious chocolate frosting.

DAUGHTER—sophisticated sixteen. Lady Baltimore Cake, three layers of white cake. For filling, boiled frosting with chopped raisins, nuts, figs added. Plain boiled frosting atop. A dinner party for her, with a smart color scheme.

LITTLE JOHNNY, JR.—Dad's choice for him with plenty of vanilla ice cream. An all-boy luncheon and the movies afterwards.

SUSIE, aged six—Could it be a Pink and White Ribbon Cake, Mother, pu-lease? Again your favorite white cake, one layer tinted pink, one layer left white. Pink frosting and candles, and dolls and frills for table decorations.

MOTHER—her favorite dessert—Pie of tart little red pie cherries.

Drill holes around the edge of an old round cake or bread board. Sandpaper and enamel. Place candles in the holes around the cake. No candle drippings over the cake this way.

FLASH GELATIN BIRTHDAY CAKE FOR BABY

—It's easy to make and good for baby. Use a pan about 8 inches in diameter and 3 to 4 inches deep, and layer in three colors of gelatin. Each layer should be slightly firm before adding the next. When firm, unmold and decorate with candles.

Carol Drake

REBEKAH NEWS

The district meeting was held at Fair Oaks Rebekah Lodge last night (Thursday). Eight local Rebekahs attended.

The next regular meeting of the Niles Rebekahs will be in the form of a pot luck dinner, on September 20 at 6:30 o'clock. Beatrice Fournier is chairman.

On Saturday, September 14, a reception will be held in Hayward for Ethel Garner, conductor of the Rebekah Assembly. Several local Rebekahs are planning to attend.

CARD OF THANKS
We want to thank all our friends for their kind words of sympathy, beautiful floral offerings and offerings of masses, also for all who went down to the hospital and donated blood to Antone E. Furtado. To all who were so kind to us in our bereavement in the loss of our beloved son and brother, Antone E. Furtado.
(Signed) Mrs. Marianna Furtado and family.

MISSION SAN JOSE NEWS

WITH LOIS JUSTUS

After months of delay because of red tape and shortages, Daniel Cross, former machine shop man here in the Mission, has finally gotten a start on his new machine shop and garage in Irvington on his lot near the grammar school. Dan has laid the foundation and soon expects to have the cement block work under way. It will be a fairly large building, 48x60 feet with a nice appearing frontage where he will continue his repair work which he has been forced to do in his back yard at home because he lost out on the building which he occupied in the Mission.

Of course, he is having trouble getting windows and other necessary fixtures but restroom facilities have been nicely taken care of according to rules and regulations and he is trying to cooperate with all building laws and town regulations and put up as nice a place as present shortages will permit.

On September 5, little Marilyn Rodrigues acted as hostess to a number of her little friends at the home of her parents, Mr. and Mrs. George Rodrigues, on the occasion of her sixth birthday. The tiny tots had a lovely time playing games and some of the little girls played house in Marilyn's real play house. After opening the many lovely gifts her playmates gave her, they were served a luscious birthday cake, which had adorned the center of an attractively decorated table, and ice cream.

Those helping her celebrate were: Joanne and Marvin Reis, Jeanie and Rodney Dias, Rosemarie Amaral of Sunnyvale, Carol Jean and Dickie Silva, Kathleen and Donnie Crisman, Carolyn and Robert Souza, Marlene and Nadine Fernandez, Bobby and Jimmie Souza, Richie Vargas, Robert and Rodney Albert Gary, Stanley and Sharon Phillips, Albie Santos and Judie Santos, and all their mothers.

Mr. and Mrs. Wilbur Wood and family, who have been here for some time working at the Mission Hereford Ranch, have moved to Pacific Grove where they expect to raise pure bred cattle.

Miss Evelyn Meyers and her brother, Donnie, children of Mrs. Grace Meyers, returned to the Mission on Tuesday from Camp Connell where they had spent three weeks with their aunt, Mrs. Dora

Connell. They and their brother, Rick, attended our local high school.

Mr. and Mrs. Tom C. Santos and daughter of Burlingame spent Saturday in San Jose at the home of his parents, Mr. and Mrs. Manuel Santos of Gout Avenue, and visited his sister, Marie Perry and husband, Manuel. Sunday morning they returned to the Mission for Sunday dinner at the home of Mrs. Lois Justus.

Mr. and Mrs. Ira J. Metz and daughter, Doris, and her son, Johnnie, have left the Mission to return to Oklahoma for a visit and then to Arkansas where they expect to make their home.

The Mission Grammar School opened on Tuesday morning with an enrollment of 61 pupils. Mrs. Hazel Millard, Mrs. Edith Awbrey and Principal E. B. Hodges make up the teaching staff. The high school bus was very full by the time it left the Mission for approximately 30 pupils embarked on another year of studies from the Mission.

James W. Nelson, father of Mrs. Margaret Bunting of the Mission Hereford Ranch, is spending some time in Crisfield, Maryland, at the home of Mrs. Margaret Halsey and family.

Via baby express on September 9, little Patricia LaVerne Tyler came to make her home with the rest of the family of Mr. and Mrs. J. W. Tyler. She weighed eight and one-half pounds and is home to her friends now.

Chief Storekeeper Clifford E. Rogers is now plain civilian Cliff, after six years spent in the U. S. Navy. On September 26 he had served his six years. He was our first enlistee and was on the S. S. Blackhawk supply ship of the Navy. He was injured in one battle and was laid up for a time with shrapnel in his foot. He and his wife, the former Esther Goularte, and their son, Stephen, spent last week here at the home of his mother, Mrs. Rose Rogers, and they will make their home in Newark at present. Clifford is going back to attend Healds Business College and finish his business education he started before the war.

Alfred Bonner and Billie Pereira both were lucky hunters this week end for both got two pointer deers

IN THE SHADOW OF STARVATION

Langid and wistful, these little Slovaks of Bratislava's old quarter speak for the hungry children of Europe's ancient cities. Half starved and ill-clothed bodies are susceptible to disease; death rates rise from malnutrition. (American Red Cross Photo.)

THE NEWS IN NEWARK

By LORETTA CALDEIRA

Harold Caldeira, recently discharged from the Navy, bagged a 95-pound forked horn deer at Joe Ferry's ranch, back of Sunol. Of course this couldn't be what put him in bed for three days, could it?

Mr. and Mrs. Avery Grace and daughter, Margurite, are spending two weeks at Tulsa, Oklahoma, visiting relatives.

Betty Brown and Shirley Costa spent Saturday night and Sunday in Santa Cruz.

Mrs. Mary A. Silva is feeling much better now. She was confined to bed for three days with the flu.

Mrs. Anna Peters, housekeeper for Rev. McLaughlin, spent the week-end in Pleasanton.

Mr. and Mrs. Marvin Middaugh

in the hills back of the Mission. Tom Santos was with Bill when he got his.

Little Miss Rosemarie Amaral daughter of Mr. and Mrs. Leonard Amaral of Sunnyvale, spent a week's vacation here at the home of her grandparents, Mr. and Mrs. William Lawrence, and with her aunt, Mary Rodrigues.

and son, and Darlene Caldeira spent the week-end in Santa Cruz.

Mrs. Rose Peters of Hayward spent Tuesday night with her sister, Mrs. Anna Peters.

Louis Caldeira celebrated his fortieth birthday August 31. He was host and chef at a venison barbecue where forty people were present.

CLIFFORD NOW IN ALVARADO BANK

Gene Clifford, formerly with the Central Bank in Irvington, is now permanently with the Central Bank of Alvarado.

Due to his transfer, Mr. Clifford is resigning as secretary of the Irvington Improvement Club.

PAST COMMANDERS CLUB LUNCHEONS AT NILES

The Eastbay Past Commanders Club of The Macabees entertained at a luncheon and meeting last Saturday at the International Kitchen. Niles members who were present were Mmes. Emily Fields, Nora Rogers, Cora Hill, May Joy and Catherine Parry. Mrs. Parry is vice-president of the club.

Sixteen members were present at the affair. Several, having gone away on vacations, were not able to attend.

LOCAL CLUBS RECEIVE BIDS TO ENTER PARADE

Local organizations received invitations this week to enter the five-division Pioneer Parade that will be one of the highlights of the three-day Hayward Pioneer Days Fiesta to be held September 27, 28 and 29.

P. J. DeBernardi, general chairman of the parade committee, announced that invitations have been placed in the mails for entries of marching, riding, drum and band, decorative and military units.

The parade will be held on the morning of September 28 on downtown Hayward streets and awards will be made to best appearing and performing divisions, DeBernardi declared.

Employing 'historical days of the Hayward Area as a theme, the three-day festival also will feature a pageant by Hayward Community Players at Harder Amphitheater each night of the celebration, a horse show sponsored by the Castro Valley Horsemen's Association, on September 28; a reception for pioneers all day on September 29, and a popularity contest for choosing "Queen Hayward."

Mrs. Emma Oakes, member of

a pioneer Hayward publishing family, will be in charge of the reception for old timers.

The largest and most spectacular animal found in Deat Valley National monument is the Nelson big-horn sheep.

NILES MAN LIKES HOME MUCH BETTER

"It's sure good to be back home." That was the comment made this week by Tony Costa, owner of the Niles Taxi Service, who just returned via clipper ship from Portugal.

"Portugal isn't anything like it used to be," went on the disappointed man, who spent five weeks there. "Now they don't have anything. Not much food, clothes—not much of anything." Then he added again, with obvious sincerity, "Yep, it's sure good to be back home."

Costa made the trip over by boat, but returned by air.

IMPROVEMENT CLUB HOLDS A SOCIAL

Irvington Improvement Club meeting held Wednesday night was about 98 per cent social and two per cent business.

Feature of the meeting, which was held at Play Haven, was a sumptuous chicken dinner with all the trimmings. Then there were movies. It was ladies night.

As regards the two per cent business, a committee of three—Ed Rose, Tony Alameda and Les Hiller—was appointed by President Gus Robertson to meet with the Mission group in charge of plans for the sequicentennial for a discussion on September 24.

FURTADO RITES LAST WEDNESDAY

Funeral services for the late Antonio E. Furtado, 52, who passed away in the San Jose Hospital September 1, were held last Wednesday at 9:30 in the morning from Corpus Christi Church, Niles.

Mr. Furtado, a member of the I.D.E.S., was the son of Mrs. Mariana Furtado; brother to Joseph and John Furtado. Mrs. Clara Ferreira and Mrs. Lorene Cabral, all of Niles; Arthur Furtado of San Leandro, Mrs. Marie Mendonca of San Jose and Josephine Perry of Alvarado.

Interment was made at Holy Sepulchre Cemetery under direction of Berge Mortuary Company, Niles.

RODMAN, SPARE THAT TRUCK!

If you've been annoyed lately by the mosquitoes' buzzin' 'round, don't start cussing the mosquito abatement crew. For they, poor souls, have had their mobile unit, by which they waged their strategic attacks against the pesky pests, stolen right away from them.

According to Roland Bendel, who is the mosquitoes' worst enemy in these parts, the new Chevrolet '46, which was purchased for the department in January, was laid up in Cochran and Celli's in Oakland being repaired, when a brazen robber had the unmitigated gall to use the truck to carry away Cochran and Celli's safe.

Both safe and truck are still missing.

FIRST LOCAL FOOTBALL GAME IN TWO WEEKS

When Coach Jud Taylor of the Washington Union High School started looking around for football material this week to take care of the fall football season, he found it—and plenty of it! Seventy-eight hopefuls turned out for football, full of enthusiasm and eager to make the team.

The first game is scheduled for two weeks hence, on September 27, with Livermore on the home field.

OUR READERS WRITE

Practically every daily newspaper you pick up contains a letter written to the editor by some ex-soldier stating how impossible it is for a single man to get along on \$175 per month (or \$200 for a married one).

Can it be that all these boys writing letters like that are so young in point of years that they never saw the day when plenty of single men, as well as married men with whole families, got along on less than \$100 per month? Yes, and on less than \$75 per month.

The really tough years—the years I am talking about—ended about 1939 when preparations for the coming war began. Most of the young men being discharged from the army this past year were still in school previous to 1939 and can't be counted on to know very much about how tough it is to get along on something like \$75 or \$100 per month.

I'll grant you that living costs now are higher than they were in those years, but you'll have to show me where the increase in the average person's income (salary or subsidy) lags so far behind the cost of living that these "youngsters" have to come out flat-footed and declare they just can't get by on \$200 per month.

I haven't bothered to give any discussion to whether or not an ex-soldier has any more right to protest the subject than anyone else, because except for a few, the average ex-GI who came out of the war unscathed physically, now classes himself as a citizen only—and not as a special character. For that

HIGH SCHOOL FACULTY PICNICS AT ALUM ROCK

The faculty of Washington Union High School held a picnic at Alum Rock Park last Tuesday evening, which proved to be quite a gala affair. The new teachers, whose initiation into the circle took the form of demands for impromptu entertaining, performed like troops.

reason I think that before ANY young man puts up too much of a squawk about how impossible it is for him to get along on \$200 per month, he gives a little thought to the older men—his father, perhaps—who got along on a whole lot less than that and without half the amount of noise.

Sincerely,

I. F. C.

ers and were thereby accepted as tried and true members of the faculty.

Those in charge of the "eats" were Jud Taylor, who also emceed, Bill Mette, Irving Hird and Dwight Thornburg.

LOCALITES TO MODEL AT CLAREMONT FASHION SHOW

Localites who will model at the fall fashion show given by Capwells for the benefit of the Children's Hospital of the East Bay include Miss Mary Virginia Brissett, and Mrs. George Roeding Jr., and daughter, Diane.

The event will take place at the Claremont Hotel, Wednesday, September 18.

Several members of the Toyon Branch are planning to attend.

ELECTRICAL CONTRACTOR

753 FIRST STREET, NILES

PHONE 4443

Electricity works hard in the modern home. And you put it to work in every room in the house. That's why house wiring today must be better, more complete... Adequate now and for the future.

Adequate Wiring gives added convenience, too. For example, when there are too few outlets, your furniture must be placed not where it looks best but where the few outlets are. Also one must disconnect a clock or radio to run the vacuum cleaner.

Insist on complete, modern Adequate Wiring in your new home. Look for it in your house plans and keep it there. Don't cut down on your house wiring. You'll be sorry later if you do.

WIRE AHEAD FOR BETTER LIVING
